

HWTC, INC. MEDIUM / HEAVY DUTY REPLACEMENT PRODUCTS CATALOG

Heavy Duty Tapered Roller Wheel Bearings

Part #	Containing
SET/401	580 / 572
SET/402	582 / 572
SET/403	594A / 592A
SET/404	598A / 592A
SET/405	663 / 653
SET/406	3782 / 3720
SET/407	28682 / 28622
SET/408	39590 / 39520
SET/411	47686 / 47620
SET/412	HM212047 / HM212011
SET/413	HM212049 / HM212011
SET/414	HM218248 / HM218210
SET/415	HM518445 / HM518410

- * ISO 9001 / TS 16949 certified manufacturing facility.
- * Made from premium steels (high carbon alloy steels).
- * Complies with strict quality and performance standards.
 - * Matched wheel bearing sets increase uptime.
- * Matched cup and cone provides higher reliability and when replaced together lengthens maintenance intervals.
 - * Logarithmic crowned rollers and races.
 - * High performance through-hardened steel with low residual nonmetallic inclusions and exact oxygen content.
- * Proper balance of cost, convenience and high quality.

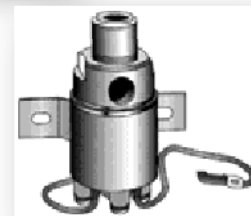

Mid- Range New Replacement Emergency Brake Shoes

Part #	Description: All Internal Drum
1303	10" Diameter Size 3" X 3/16" X11 1/4"
2085	12" Diameter Size 4" X 1/4" X 14
2086LSD	9" Diameter Size 3" X3/16" X10 9/16"
2095	9" Diameter Size 2" X 3 1/16" X 10 1/2

Air Shift Solenoid

Part #	OEM #	Description
KAV4	A68230	12V Electrically Actuated, Normally Closed Three Way Air Shift Valve
